Fieldwork often involves strenuous labor in remote areas where access to medical facilities may be limited. Do you have any physical handicaps, disabilities, or allergies which might interfere with your participation?

Yes No

If **YES**, explain fully **at the end of your statement of interest** and consult your physician concerning the advisability of attending field school.

Please submit the following information by email to S.Arnold@utah.edu: 1) a **one page Statement of Interest**, explaining your reasons for applying to the field program. (Please take this seriously as it not only tells us if our field school is a good fit for you but also provides a sample of your writing.) 2) A list of any previous field and/or laboratory experience in archaeology or geoarchaeology, including dates, locations, and persons in charge. 3) A copy of your college transcripts (this can be a DARS report).

Upon acceptance, written proof of sickness-accident insurance coverage will be required no later than the first day of field school.
