

ANTHROPOLOGY MAJOR WITH ARCHAEOLOGICAL SCIENCE EMPHASIS

The Department of Anthropology's major with emphasis in Archaeological Science is designed to prepare Anthropology majors for either graduate training or careers in the growing fields of private-sector archaeological and environmental consulting. Although students will take a range of courses reflecting the interdisciplinary nature of anthropological study, the emphasis is explicitly designed to train students in the science of archaeology.

Program Director:

Brian F. Coddling, Ph.D (brian.coddling@anthro.utah.edu)
